**Please Note: Homestay schedules are aligned with the [ACM academic calendar](#). Students should be aware that they will need to vacate their homestay during the December/January holiday period and at the conclusion of the Spring term in May. If a student is enrolled in a summer session, they will need to vacate the homestay at the conclusion of that session in mid-July. Students participating in a J-Term program may resume their homestay between the end of the J-Term and the beginning of the spring semester. Any exceptions to this policy will entail an additional housing cost for the student. Any student who would like to stay in a homestay outside of the published academic calendar must contact the Housing Coordinator within one month of beginning their program to determine the availability of the host family.*
